How to Use JK Wipeazy Range Products

For a flawless, long-lasting finish, follow these easy steps:

Surface Preparation

01

Allow newly plastered surfaces to cure for 6–8 weeks

02

Clean the surface thoroughly to remove dust, dirt, grease, loose particles & chalking

03

Wash with water if required

04

Sand the surface with emery paper 180 and wipe clean

05

Repair any seepage, cracks or fungal growth with appropriate treatment
